Dear Sir:

In response to the Requirement for Restriction/Election mailed 03/27/2006,
Applicant elects claims 1-9 and Applicant elects the species g) L-Tyrosine for
prosecution on the merits to which the claims shall be restricted if no generic claim is
finally held to be allowable. In this case, Claim 1 would be restricted to include L-
Tyrosine, and claims 2-9, which are dependent on claim 1, would automatically include
this restriction.
